Everything you need when it comes to scuba diving

Enrich your travels with the ultimate adventure: scuba diving! Regardless if you are an experienced diver or if you have never seen the wonders of our oceans before - Koh Tao's underwater world is something you do not wanna miss.

THE DIVE CENTRE

QUALITY DIVING - BUDGET PRICE

Experience paradise with us

PADI 5 STAR IDC Centre

Coral Grand Divers Koh Tao is an award-winning **PADI 5 Star IDC Centre**. To qualify for this rating a dive shop must meet elevated service and business standards. Our main priorities when it comes to scuba diving are **safety and enjoyment**. Our staff is multi-lingual, highly trained and we pride ourselves on an exceptional level of customer service.

FANTASTIC SURROUNDINGS

Coral Grand Divers is located on the beachfront of Coral Grand Resort. The academic sessions are being held right **next to the beach** and for our confined water session we have a special pool specifically built for diving. Also on the premises are our beachfront restaurant and beach bar - the best spot to enjoy the sunset on Koh Tao.

AWARE SPECIALTIES

PROTECTING OUR OCEAN PLANET

By learning more about it

Project AWARE's philosophy is to mobilise a global force of scuba divers and water enthusiasts who care about protecting the world's water resources and choose to make a difference – one dive at a time.

Everyone likes to scuba dive or snorkel in warm, clear water on a vibrant coral reef, yet many people know little about what they're seeing or the importance of reef ecosystems. The AWARE courses help you appreciate the complexity of the underwater world and teach how you can help conserve these vital systems.

MEDICAL STATEMENT

MEDICAL STATEMENT Participant Record (Confidential Information)

Please read carefully before signing.

This is a statement in which you are informed of some potential risks involved in scuba diving and of the conduct required of you during the scuba training program. Your signature on this statement is required for you to participate in the scuba training program offered

by _____ and
Instructor

_____ located in the
Facility

city of _____, state/province of _____.

Read this statement prior to signing it. You must complete this Medical Statement, which includes the medical questionnaire section, to enroll in the scuba training program. If you are a minor, you must have this Statement signed by a parent or guardian.

Diving is an exciting and demanding activity. When performed correctly, applying correct techniques, it is relatively safe. When

established safety procedures are not followed, however, there are increased risks.

To scuba dive safely, you should not be extremely overweight or out of condition. Diving can be strenuous under certain conditions. Your respiratory and circulatory systems must be in good health. All body air spaces must be normal and healthy. A person with coronary disease, a current cold or congestion, epilepsy, a severe medical problem or who is under the influence of alcohol or drugs should not dive. If you have asthma, heart disease, other chronic medical conditions or you are taking medications on a regular basis, you should consult your doctor and the instructor before participating in this program, and on a regular basis thereafter upon completion. You will also learn from the instructor the important safety rules regarding breathing and equalization while scuba diving. Improper use of scuba equipment can result in serious injury. You must be thoroughly instructed in its use under direct supervision of a qualified instructor to use it safely.

If you have any additional questions regarding this Medical Statement or the Medical Questionnaire section, review them with your instructor before signing.

Divers Medical Questionnaire

To the Participant:

The purpose of this Medical Questionnaire is to find out if you should be examined by your doctor before participating in recreational diver training. A positive response to a question does not necessarily disqualify you from diving. A positive response means that there is a preexisting condition that may affect your safety while diving and you must seek the advice of your physician prior to engaging in dive activities.

- _____ Could you be pregnant, or are you attempting to become pregnant?
- _____ Are you presently taking prescription medications? (with the exception of birth control or anti-malarial)
